

## ABOUT THE STATE

## HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

The Congregational church at Townshend is to have a new pastor, Rev. Mr. Bosworth of New York State.

The Poultry quarries, which were closed on account of the cold weather, are not expected to open up again until next month.

The Odd Fellows of Saxtons River have voted to have the janitor stop all tango and turkey trot dancing in Odd Fellows' hall.

Mrs. Tom Thum, who played a week's engagement at the Rutland opera house this season, is seriously ill at Latrobe, Pa. She has cancelled all engagements for the balance of the season.

Mr. Kingsbury, a student at Vermont academy, Saxtons River, was hurt badly while tobogganing, several stitches being taken in dressing a cut in his leg. Another student was rendered unconscious at the same time.

The people of Lincoln are rejoicing over the fact that their town debt was reduced \$129.34 the past year. In Bristol the taxpayers will be confronted with a large increase in the overseer of the poor's bill, and possibly, an increase in the total debt of the town.

What is thought to be the largest load of logs ever drawn into Stowe came from the C. E. and F. O. Burt lumber yard from Stowe Forks Thursday. It contained 56 logs and measured 2,600 feet. The logs were dry or the load would have been too heavy for two horses.

The eye of Wray Griffin, son of Dr. Charles E. Griffin of Fair Haven, which was injured by an air gun, was removed Feb. 5 in a hospital in Albany, N. Y. A number of boys were playing with air guns when a BB shot struck young Griffin in the left eye, destroying the sight.

While men were felling trees in woods in Townshend recently, on one team passed near, and although the men ceased work upon the tree as soon as the team appeared, a gust of wind blew the tree over, striking one ox and breaking a horn off close to its head, narrowly missing the drivers. The ox will live.

Two petitions in bankruptcy have been filed with Clerk F. S. Platt of the United States court, Bertram F. Atherton of Waterbury, a carpenter, gives his liabilities as \$1,071.45 and his assets of \$550, with \$200 claimed exempt. William E. Flynn of Rutland, a laborer, states that he owes \$441.50 and that he has assets of \$200, with \$150 claimed exempt.

Patents have been granted the following Vermonters: Delphia W. Hunt of Montpelier, staging; Alfred S. Hull of Hinesburg, trade-mark for proprietary medicine, for application as a skin lotion; Marcus H. Waters of Castleton, trade-mark for skin lotions; Frank O. Dennis of North Clarendon, photographic printing device; Frank C. McCaffrey of Burlington, electric whistle blowing apparatus; Dr. B. J. Kendall Co., of Enosburg Falls, trade-mark for liniments.

William R. Lyman, a prominent resident of Stratton, died Friday at his home of a cancerous trouble, with which he had suffered for a year and a half. He died in the same house in which his father and grandfather had lived before him. He had held practically all the offices in the gift of the town and was treasurer at the time of his death. In politics he was a Democrat.

I. H. Deuch, a prominent Manchester man, died Saturday from the effects of a shock. He was 72 years old and his early life was spent in the knitting goods business, when he operated a factory at what was then known as Factory Point and now is Manchester Center. Since leaving that business he has been employed in feed stores. He was a prominent member of the Masonic fraternity, being past master of the Antinomian lodge of Manchester, past high priest of Adoniram chapter, R. A. M., past district deputy grand master, and a member of Taft commandery, K. T., of Bennington.

Only \$2,500 more is necessary to assure the erection of a proposed Bible school building for the Congregational church at Bellows Falls and this must be assured within a week. During the past summer \$5,000 has been pledged toward the erection of the building and three teams of five men each will canvass for the remainder of the money. The building is to be erected on the rear of the church edifice and will be about 46 by 60 feet. The plan shows a laboratory, a room for the pastor of the church, Rev. Dr. A. P. Pratt, and are designed to provide a primary room, a junior room and kindergarten on the first floor, leading off the present vestry. The second floor will lead off the auditorium and provisions are made for four large class rooms and the Bible school library. A separate room is provided for the use of church and school officers. On three sides of the assembly room, which also will be on this floor, will be a gallery. The erection of the building will give opportunity for necessary improvements in the main vestry and the church kitchen.

Parisian Sage makes thin lifeless hair soft and abundant.

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet so many of the fair sex have streaked, thin and lifeless hair, and think there is no remedy. Beautiful hair is largely a matter of attention. Parisian Sage frequently applied and well rubbed into the scalp works wonders. Try it to-day, and you will be surprised with the result—not only will the hair become abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff from any application, stops itching head and cleanses the hair of all dirt and excessive oil.

All drug and toilet counters sell Parisian Sage in fifty-cent bottles. Look for the trade mark—"The Girl with the Auburn Hair." Try at least one bottle from the Red Cross Pharmacy. They will refund the money if you are not satisfied—Adv't.
